DETAILED ACTION

1. The Examiner has carefully considered Applicant's appeal brief filed April 29, 2004. All rejections have been overcome in view of Applicant's arguments.

Reasons for Allowance

2. Claims 1-5 and 11-14 are allowed.
3. The following is an examiner's statement of reasons for allowance: while the rejection of Tanaka et al. 9US 4,801,491 in view of Coombs (US 4,937,136) is believed to be the closest prior art, they fail to disclose a helium impervious material for a wall of a flexible pressurized container comprising at least two plies of cloth, said cloth having a weight of 150 to 450 g/m², said cloth comprising fiber having a denier generally between 180 and 280 and the fill of the individual plies at 90 degrees to each other, said fibers of said cloth selected from the group consisting of extended chain polyethylene polymer in a rip stop weave architecture and a thermotropic liquid crystalline polymer in a 2x2 basket weave architecture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
